Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-18, drawn to a DNA construct encoding a δ -zein, comprising a δ -zein coding sequence operably linked to a promoter and to a sequence encoding a modified 3' untranslated region devoid of binding sites for dzrl; a plant transformation vector comprising said construct; a plant cell transformed with said vector; a transformed plant comprising said transformed plant cell; a method of making high methionine corn seeds comprising producing said transgenic corn plant; a chimeric gene comprising a 10 kDa zein coding region operably linked to a promoter and a heterologous 3' UTR; a vector comprising said chimeric gene; a transgenic corn plant comprising said vector.

Group II, claim(s) 19-21, drawn to an isolated nucleic acid comprising a 3' UTR of a 10 kDa zein gene.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The DNA construct, chimeric gene, method and plants of Group I do not share the modified or heterologous 3' UTRs with Group II. The unmodified 3' UTR of the isolated nucleic acid of Group II is not shared with Group I.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the

Art Unit: 1638

application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
